Federal Agent Aaron Falk returns to his home town after an absence of over 20 years to attend the funeral of his childhood friend, Luke, who allegedly killed his wife and child before taking his own life - a victim of the madness that has ravaged this community after more than a decade of drought.

When Falk reluctantly agrees to stay and investigate the crime, he opens up an old wound - the death of 17 year old Ellie Deacon. Falk begins to suspect these two crimes, separated by decades, are connected.
